

Topic Title: Incredible Me

Year Group: Reception

Term: One

Marvellous Me

Yay! It is time to learn some names and make some friends. We must teach everyone about ourselves and what makes us all so marvellous. Working together we need to learn the new classroom rules and share all our new toys.

Fabulous Feelings

Starting school can be very scary, but its ok we can help one another. We will learn how to identify and talk about our different feelings. Someone may feel a bit sad so we need to help them feel better, how can we do this?

You are incredible!

Children will be starting school for the first time. Some have not been to nursery since March and away from the main care giver since then. Children will need to find their own confidence, independence, and resilience. The topic will allow them to refer to themselves and their families, things that are safe and familiar to them.

Fantastic Families

Our families are all different but fantastic. We will learn about who is in our family and how that is different to others. Can you remember your mummy and daddy's real names?

Happy Homes

Knock, knock, anyone home? We will learn about where you live. Do you live in a house or a flat? What number is on your front door? We will look at pictures of your home and talk about what makes them so wonderful.
