

Topic Title: Awesome Animals

Year Group: Reception

Term: Five

White Cliffs
Primary School

Amazing Artic

Children will learn what animals like to live in the ice and snow.

They will learn how to keep the animals safe and how important it is to stop the icecaps from melting.

Sandy Safari

We are going on safari; children will learn all about the different animals who call the hot, sandy savannah there home. Children will observe the animals closely and create their own African beasts.

Jumping Jungle

Travelling along the longest River In the world, the Amazon, children will see all the different animals who live there. They will create their own scaly snakes to slither across the classroom.

Captivating Countryside

The British countryside is full of amazing nature and wildlife.

We have lots of animals living all around us. Children will learn their names and what they need to survive.

Stomp, Slide, Slither, Swim- Quick the animals are coming!

Join us on a journey around the world learning about the different animals on our planet. We will start in the coldest country's and travel all the way home stopping in different habitats as we go. We will end our journey in St Radigunds and learn about the animals who live around us.

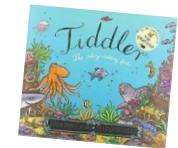

Beautiful Beach

Just on our doorstep we have beautiful beaches with many types of wildlife. Over in the rockpools the starfish and crabs call it there home. Children will learn how to keep our beaches clean.

Super Sea

Deep under the waves a whole other world exists. With help from the Octonauts we will learn the different types of animals who live there and how to protect them.
